In the Administrative Code sections and policies identified in this preamble where it says “Town Manager” or “Selectboard”, it is understood that the Library Trustees will perform the role in the place of the Town Manager or Selectboard except for the Grants, Vacancy Appointment, Fraud, Driving, and Memorial Policies. Although the Library Trustees will follow these policies, the Town Manager and/or Selectboard will retain their roles.

Preface

The Town of Milton Charter in accordance with 17 Vermont Statutes Annotated Section 2645 adopted and approved by the Milton Selectboard after a Public Hearing on October 2, 1992 and amended by the Selectboard on October 5, 1992 submitted and approved to the voters on November 3, 1992 required that the Town Manager prepare and submit to the Selectboard a proposal for an Administrative Code for the Town of Milton. To wit, the pertinent section of the Charter (507) is as follows:

Section 507. Administrative Code

- a. The Town Manager shall prepare and submit to the Selectboard a proposal for an Administrative Code of the Town of Milton. For the purpose of preparing and updating the code, the Town Manager may have the assistance of the Town Attorney and shall have the authority to request a committee of citizens to assist in the preparation of the proposal. The proposal shall be a comprehensive code administrative organization and procedure for the Town and, at a minimum, shall include the following:
 1. Organization of the administrative departments and elected officers of the Town into such divisions as may be appropriate defining the functions and duties of each
 2. A complete personnel policy for Town employees.
 3. A detailed outline of financial procedures to be followed by the Town including purchasing policy, expenditure of appropriated funds, the system of accounting for the Town and the form and frequency of financial reports.
- b. The Administrative Code, when accepted by the Selectboard, shall be considered a valid extension of the policies set forth in this charter and may be revised by the Selectboard.

Preparation of the Administrative Code began in 1996 when the Selectboard charged the Interim Town Manager, at that time, with the responsibility to prepare such a document. The Administrative Code was created over an eight month period and submitted to the Selectboard in June 1997 for their review.

The Administrative Code serves as a major policy document and operations guide for the Town of Milton and is designed to complement the Town Charter. It is a guide for the effective management and operation of the Town and serves as a communication tool.

This document will be updated periodically, consistent with the Town Charter, Vermont State Statues and Town Policies adopted and/or amended by the Selectboard in a manner to ensure effective communication internally and externally as it relates to the compensation, benefits and overall operation of Town government. Portions of the Administrative Code have been updated and other sections have not. This is evident in a number of contexts, one of which is the inconsistent use of certain terms. Most notable of these is “Select board” and “Selectboard”. For the past several years we have been using the phraseology contained in the Town Charter for such words, which is “Selectboard”. Where there are differences in nomenclature, as updates to the Administrative Code are made, we will resolve such differences in favor of the terms used in the Town Charter.

The overriding goal of the Town Charter, the Selectboard and the Administrative Code is to effectively and efficiently manage operations of the Town by providing high quality cost effective service that will enhance the quality of life for the employees, citizens and taxpayers of the Town of Milton

Respectfully Submitted,

Donald Turner, Jr.
Town Manager
June 20, 2022

ARTICLE III CLASSIFICATION PLAN**SECTION ANALYSIS****Section 1. Content****Section 2. Preparation and Administration****Section 3. Preparation Procedure****Section 4. Procedure for Adoption/Amendment of the Classification Plan****Section 5. Appeal Procedure****Section 6. Use**

Section 1. Content

The Classification Plan shall comprise a summarized representation of positions grouped into classes which are similar in the basic characteristic of their duties and responsibilities so that the same pay scale, title and minimum qualifications requirements can be applied and positions can fairly and equitably be treated under like conditions for other personnel purposes. Each classification shall be characterized by:

- A. Class Title;
- B. Overview of the position;
- C. Essential job functions;
- D. Education and experience;
- E. Knowledge, skills and abilities;
- F. Working conditions, where applicable; and
- G. Any other information deemed necessary or desirable.

The classification of positions is generally based upon an examination of significant classification factors in each position, the grouping together of all positions having similar duties and responsibilities into a class, and a grouping together of all classes which exhibit a similar level of difficulty and responsibility into a classification level which will be comparable with pay level of the Wage and Salary Schedule.

Classification factors utilized are: nature and complexity of work, level of responsibility, and where applicable, required physical exertion and exposure to environmental conditions.

- A. The position Classification Plan groups all competitive positions in the Town service, as well as certain miscellaneous non-competitive positions into classes according to their duties, responsibilities and level of work difficulty of the various jobs.
- B. For each classification there is a Job Description designated by Job Title and a definition of the position, distinguishing characteristics of the job, examples of duties involved, and the desirable qualifications.

The Job Specifications are intended to be descriptive and explanatory only, and do not necessarily include all the duties performed by an employee in that classification. Positions are allocated to the various classifications on the basis of work performed during the majority of the working period, and employees may be required to perform the duties of either a higher or lower classification, on a temporary basis, as the need may arise.

Section 2. Preparation and Administration

The Manager and/or their designee shall prepare and maintain on a current basis a position classification plan covering all the competitive positions in the Town service.

Section 3. Preparation Procedure

It shall be the duty of the Manager in preparing the Classification Plan and any amendments and notifications thereto, as called for by these rules and regulations to employ the following procedure. The Manager and/or their designee will ascertain the duties, authorities and responsibilities of all positions subject to these rules and regulations. After consulting with the department heads and employees the Manager will prepare or will cause to be prepared, a position classification plan which shall group all positions in the competitive service and department heads in class based on their duties, authority and responsibilities.

Section 4. Procedure for Adoption/Amendment of the Classification Plan

The Manager shall give the employees the opportunity to make suggestions and recommendations concerning the classification plan. After receiving such suggestions and recommendations, the Manager shall review the information and may make such modifications, amendments and recommendations, as they deem proper. They shall submit such a plan to the Board for approval.

This plan may be amended from time to time in the same manner it was adopted. The Manager shall be responsible for the continuous maintenance of the Classification Plan. An employee and/or supervisor/Department Head may request a position reclassification when actual duties differ from those specified in the job description.

The supervisor and Manager will, within a reasonable period of time (i.e. 10 working days) evaluate the individual's actual duties in comparison to their job description. This review will take place independently and then jointly between the supervisor and manager. This review will conclude with findings and a decision, by the Manager to one of the following options:

1. Retain the employee in their current job description and classification;
2. Modify the job description and retain the same classification;
3. Assign the employee to another, more suitable, job description within the same or different compensation level; or
4. Modify the job description and reclassify the individual to another location within the wage and salary schedule.

Where the new classification of a person presently employed by the Town is allocated to a labor grade with a higher maximum rate than the existing one, the employee's rate shall be set at the increment in the new range which constitutes the next higher step in rate from the employee's rate.

Section 5. Appeal Procedure

Any party who is dissatisfied with their classification specification may appeal in writing to their immediate supervisor. A supervisor may also request a review of the position classification on behalf of an individual in their department. The Manager and their designee shall independently and then jointly review the request in accordance with the procedure for preparation and adoption of the position classification and take any appropriate action. This action may include but is not limited to:

- approving the reclassification to another approved position description;
- denial of the request, or
- drafting a position description more closely descriptive of the position in question.

In all cases, the request will be conducted as a personnel matter to protect the rights of the individual under consideration. The Manager will make the final adjudication as may be required by the Charter and state statute.

Section 6. Use

The position classification plan shall be used as follows:

- A. For setting and maintaining equitable compensation rates;
- B. As a basis for action regarding hiring and recruiting;
- C. As a basis for action in transfers, promotions and reclassifications; and
- D. As a guide in all personnel matters regarding an accurate knowledge of various positions in the municipal organization

Section 4. Wage and Salary Schedule Pay Ranges

For each classification there shall be established, a Wage and Salary Schedule range consisting of a probationary, minimum and such intermediate rates as may be approved by the Board. An employee appointed to a position will normally be compensated at a probationary or minimum rate of pay assigned to the class for which the position is allocated; however subject to the approval of the Manager, original employment at a salary above the probationary minimum step may be made upon

written request from the department head that such action is justified by exceptional qualification of the applicant or by lack of qualified applicants at the probationary minimum rate.

All newly hired or promoted employees shall begin work at the minimum increment (probationary step) in the labor grade of their classification with the following exceptions:

- A. Where an employee is promoted from a position which is in a lower labor grade to one in a higher labor grade, but where the present rate is higher than the minimum of the new labor grade, they shall be placed on the step in the new labor grade that will give them a rate increase of at least the amount equivalent to a one step increase in their present labor grade.
- B. Where there has been a written request and recommendation from the receiving department head and in the opinion of the Manager an employee has experience which so qualifies them, the Manager may approve the advance in-hire rate in accordance with Article IV, Section 4 of this chapter.

Where the new classification of a person presently employed by the Town is allocated to a labor grade with a higher maximum rate than the existing one, the employee's rate shall be set at the increment in the new range which constitutes the next higher step in rate from the employee's rate.

The Manager may grant in-grade rate adjustments in order to ensure the retention of essential skills, to maintain pay equity or as they deem to be in the best interest of the Town. Such adjustments shall not exceed the wage range contained in this Wage and Salary Schedule for the specific classification involved.

Section 5. Annual Base Pay Adjustment

Management and Non-represented employees become eligible for an Annual Base Pay Adjustment on July 1st of each year. The Annual Base Adjustment will be based on merit as determined by the results of an evaluation process. The Selectboard shall determine the maximum amount available for annual base pay adjustments through the budget process. An employee's annual adjustment must not make their annual wages exceed the maximum amount approved in the Wage and Salary Schedule. If a merit increase awarded places an individual above the maximum range of their grade on the Wage and Salary Schedule, they will receive the difference as a bonus. This bonus shall not become a part of the employee's base wage. All unionized employees shall receive compensation based upon their approved collective bargaining agreements.

Section 6. Hours Worked - Overtime and Compensatory Time

Overtime is defined as compensation. Department Heads and other exempt personnel are normally ineligible for overtime at a rate of 1.5 times the normal hourly rate of pay. The compensation paid to employees of the Town shall be as follows:

If Comp. time is elected, it will be earned at time and one-half and be deducted on an hour-for-hour basis.

Notwithstanding an employee's initial choice to elect compensatory time in lieu of over time; the Town Manager shall retain authority at their discretion to compensate the employee with over time when a sufficient budget can be made available.

2. Using Comp. Time:

All requests to use accumulate comp. time must be approved, in advance, by the Director and/or Department head. Requests for approval must be submitted on the same form used for other types of leave. circumstances including, but not limited to, employees' taking on special projects which prevent them from maintaining the normal, thirty two (32) hour limit.

Section 7. Revision and Salary Range

When a salary range for a given class is revised upward, the incumbents, of positions in classes affected, shall have their existing salary adjusted in order to reach the minimum wage of the pay range and their anniversary date shall not be changed.

When a salary range for a given class is revised downward, the incumbents of positions in classes affected shall maintain their present salary level and shall advance upon satisfactory performance on their regular anniversary, if the maximum in the new range so provides.

ARTICLE VIII EMPLOYEE CONDUCT AND DISCIPLINARY PROCEDURES**SECTION ANALYSIS****Section 1. Conduct Work Habits and Attitudes****Section 2. Department Regulations****Section 3. Outside Employment****Section 4. Progressive Disciplinary Action (Example)****Section 5. Types of Discipline****Section 6. Procedure****Section 7. Right of Appeal**

Section 1. Conduct, Work Habits and Attitudes

- A. It shall be the duty of each employee, in the service of the Town, to maintain a high standard of conduct, cooperation, efficiency and economy in their work for the Town. Whenever work habits, attitude, production or the personal conduct of an employee falls below a desirable standard, the supervisor should point out the deficiencies at the time they are observed.
- B. It shall be the duty of all Town Employees to comply with, and assist in carrying into effect, the provisions of the Town's Personnel Rules and Regulations. Any disciplinary action shall be in accordance with procedures established by the Personnel Rules and Regulations.
- C. Corrections and suggestions should be presented in a constructive and helpful manner in an effort to elicit the full cooperation of and positive performance from the employee. To the greatest extent possible employees will be given the benefit of the doubt for improving performance where deficiencies previously existed. Verbal warnings, for example, would normally not apply in subsequent events after a six (6) month period. Written warnings would normally not apply one (1) year or more after a similar event.

Section 2. Department Regulations

A department head may make rules and regulation for the administration of their department. Said rules and regulations shall not be inconsistent with any existing Town ordinances, laws, or this code. Prior to the implementation of any departmental rules and regulations a copy shall be submitted to the Manager for approval.

Section 3. Outside Employment (*See note below and definition):

Outside employment of any full time employee should be kept to a minimum. As a general rule, time off, vacation and holidays are granted to benefit the employee. No outside employment shall be permitted if:

- A. It constitutes a conflict of interest, reflects discredit upon the Town or interferes with the proper performance of their duties in Town service.
- B. It requires use of or references to the employee's identification as a Town employee ("Town Employee" shall include department heads).
- C. It entails employment during their regular Town working hours, or if it entails use of Town vehicles, equipment or facilities in the pursuit or performance of such employment.

*Note: This section does not apply to instances where the Town is under contract to provide service(s) with personnel and equipment outside the normal schedule. An example is Police Department security detail contracts and the use of Town personnel/equipment/vehicles.

Section 4. Progressive Disciplinary Action (example)

Disciplinary action may include reprimand, suspension without pay and dismissal. An example of progressive discipline resulting from recurring unacceptable conduct is as follows:

- A. The employee shall be verbally warned. Such notification shall not become part of the employee's permanent personnel record.
- B. A second offense shall result in a written reprimand which will indicate the previous verbal warning. The written reprimand will then be placed in the employee's permanent personnel file.
- C. A third offense shall result in suspension from duty without pay.
- D. A fourth offense of a sufficient magnitude shall constitute grounds for dismissal.

Section 5. Types of Discipline

The goal in all discipline is to assure a constructive, effective and professionally responsible work atmosphere in which employees exhibit respect for the public and each other at all times. Any failure to live up to this standard should be matched with corresponding action by the direct supervisor. There is a range in the degree of discipline yet, all action must be based on facts, follow constructive supervisory efforts, match the violation and be handled in a responsible manner. Discipline that will have an impact on the employees income or continued Town employment require the prior consent of the Manager.

The following list is an example of disciplinary actions that may follow unacceptable conduct:

- A. Verbal warning
- B. Written Warning
- C. Suspension with or without pay pending an investigation
- D. Suspension without pay
- E. Demotion
- F. Termination

Section 6. Procedure

A written notice of any disciplinary action, shall be furnished to the employee by the department head or manager, and a copy filed with the Manager at least five (5) days prior to the effective date of the action, unless the charge is of sufficient magnitude (as defined in Article IX Section 1. C.). The effective date of the action and right to appeal shall be stated in the letter.

Section 7. Right of Appeal

- A. Disciplinary Actions other than dismissal: Appeals from position classification, demotion, suspension or any disciplinary action other than dismissal, shall be made by an employee by applying in writing within five (5) working days of its receipt. The department head shall be present and the employee may be represented by counsel. The procedure shall apply notwithstanding the fact the disciplinary action was initiated by the Manager. The Manager shall render a written decision on the matter within five (5) working days of the hearing date or any adjournment thereof. If the disciplinary action is overruled, the employee shall be reinstated with no loss of benefits, compensation, or seniority status of privileges. In appropriate cases, the requested disciplinary action may be mitigated or reduced, subject to Manager's discretion. The Manager's decision may be appealed to the Personnel Advisory Board as provided in Article IX, Section 7 of this Chapter.
- B. Policy. The most effective accomplishment of the work of the Town requires prompt consideration and equitable adjustment of employee grievances. It is the policy of the Town Administration to encourage employees to discuss with their supervisors or department heads any problems which may arise. If any employee has any complaint or grievance concerning safety, working conditions, or other matters relative to employment, the employee shall act as follows:
 - 1. The employee should first discuss the problem with their immediate supervisor
 - 2. If the supervisor cannot offer a satisfactory solution for both parties, the matter should be discussed with the department head.
 - 3. If the conference with the department head does not yield a satisfactory solution, the employee may then appeal to the Manager.
 - 4. If the solution remains unsatisfactory, or if the grievance relates, in the first instance, to an act, decision or omission of the Manager, then the employee may appeal to the Personnel Advisory Board.

In no instance shall the Human Resources and Operations Director, department head, supervisor and/or Manager discourage the employee from continuing the process.

At the discretion of the Manager, the appropriate supervisor and/or department head may be contacted to explore all facts of the case. The Manager shall make every effort to assure that the grievant is treated with full respect during and after the grievance process. If the Manager is the subject of the grievance, the Selectboard shall assume the duties of the Manager hereunder.

C. Procedure.

Step 1. An employee shall first present the grievance to the employee's immediate supervisor within five (5) working days of when the employee knew or

should have been aware of having a grievance. If the supervisor is the subject of the grievance then the grievance shall be presented to the next highest supervisor. If there is no supervisor the employee may move directly to Step 2. The supervisor shall make a careful and discreet inquiry into the facts and circumstances of the grievance complaint. The supervisor shall then attempt to resolve the problem promptly and fairly within seven (7) working days after receiving the grievance.

Step 2. An employee who is dissatisfied with the decision of the supervisor, or has not received a reply within the time limit, may submit the grievance in writing to the department head within three (3) working days of the receipt of the supervisor's decision of the date when that decision should have been rendered. The department head shall make an investigation and inform the employee in writing of their decision and the reason therefore within seven (7) working days after the receipt of the employee's grievance.

Step 3. An employee who is dissatisfied with the decision of the department head may, within three (3) working days following the receipt of that decision or the date when such decision should have been rendered, submit the grievance in writing to the Manager. The Manager shall make a separate investigation and inform the employee and the department head in writing of their decision and the reason therefore within ten (10) working days after the receipt of the grievance.

Step 4. If the employee or department head is dissatisfied with the decision of the Manager either one may appeal for further review by the Personnel Advisory Board by submitting a written request for a determinate review to the Manager's Office within three (3) working days following the receipt of the decision of the Manager or the date when such a decision should have been rendered. If the Manager is the subject of the grievance, the employee may bypass the foregoing steps and appeal directly to the Personnel Advisory Board. In conducting a determinate review, the Personnel Advisory Board shall investigate the complaints made in writing by the employee, and review the decisions of the employee's supervisor, the department head, the Human Resources and Operations Director or Manager, as the case may be, and the basis therefore. The Personnel Advisory Board shall prepare a report within fifteen (15) working days after conducting its determinate review. Such report and decision shall be binding on the parties involved.

The Manager shall conduct such meetings as deemed necessary and shall, within fifteen (15) working days after the receipt of the report and decision of the Personnel Advisory Board, inform the employee(s) of the implementation steps or other actions resulting from the decision.

D. Finality.

- a. Failure to forward a grievance within the specified time periods shall be cause for the grievance to be considered settled upon the basis of the last decision rendered.

E. Exceptions.

1. Time limits at any stage of the grievance procedure may be extended by written mutual agreement of the parties involved at that step.

2. A department head may substitute a higher ranking employee to assist or to act instead of the supervisor to investigate and give a response to the grievance at step 1.

Section 9. Mandatory Leave

Section 10. Procedures in Requesting Leave

DEFINITIONS:

ANTICIPATED LEAVE - covers planned time off. This could be for vacation, personal time, family or parental, military or a medical appointment.

UNANTICIPATED LEAVE - is leave that is unplanned. This could be for an illness/injury of the employee or family member, bereavement or a circumstance not otherwise addressed in this section.

STAFF MEMBERS

An employee requesting anticipated leave for any reason must fill out a request form. The employee must submit the completed form to their immediate supervisor for approval. A copy of the leave forms are given to the employee. In circumstances of unanticipated leave, the employee must notify their immediate supervisor in a timely fashion informing them that leave will be taken. The form will then be filled out as a paper record for payroll.

The original approved leave form is attached to the department's payroll and submitted to the Manager's Office. When possible, requests for annual leave should be made far enough in advance to allow time to carry out this procedure.

DEPARTMENT HEADS

Department Heads, as senior level staff, are expected to exercise discretion in scheduling anticipated leave.

A Department Head taking leave must exercise this discretion and may take leave without prior approval of the Town Manager for time periods up to three (3) consecutive regularly scheduled working days. Requests that exceed three (3) consecutive working days must receive prior approval of the Town Manager following the process outlined in the staff member section above.

When any leave is to be taken by a Department Head, whether it was anticipated or unanticipated, the Department Head must inform the Town Manager they are taking leave and address Department coverage and a contact method for an emergency situation. This can be done via an email communication.

ARTICLE XIV WORK PLACE HEALTH AND SAFETY**SECTION ANALYSIS****Section 1. Vermont Occupational Safety Hazards Act (VOSHA)****Section 2. Smoking and Tobacco Policy****Section 3. Drug Testing****Section 4. Clothing**

Section 1. Vermont Occupational Safety Hazards Act (VOSHA)

In the interest of the safety and well-being of Town workers, all employees shall acquaint themselves with the rules and regulations of the Vermont Occupational Safety Hazards Act (VOSHA). All department heads shall be responsible for enforcing safety rules as required by VOSHA and /or adopted by the Town.

All Town employees shall observe safe work practices including but not limited to, the wearing of appropriate work clothing and/or equipment; follow all prescribed work practices as presented in department policies and procedures.

Section 2. Smoking and Tobacco Policy

In order to comply with the provisions of 18 V.S.A. §1421, et.seq., the Town of Milton established this Policy to protect workers by prohibiting smoking and use of smokeless tobacco products in the workplace except in designated areas.

The United States Surgeon General, in his 1986 report on Involuntary Smoking, concluded:

- Involuntary Smoking is a cause of disease, including lung cancer, in healthy nonsmokers;
- The simple separation of smokers and nonsmokers within the same air space may reduce, but does not eliminate, the exposure of nonsmokers to environmental tobacco smoke.

In 1993, the Environmental Protection Agency (EPA) classified environmental tobacco smoke as a Group A carcinogen, that is, a substance known to cause cancer in humans. The EPA recognizes no safe level of exposure for Group A carcinogens. Smokeless tobacco is a significant health risk and is not a safe substitute for smoking cigarettes. According to the Centers for Disease Control, smokeless tobacco contains 28 cancer-causing agents (carcinogens). It is a known cause of human cancer, as it increases the risk of developing cancer of the oral cavity, other oral health problems, and can lead to nicotine addiction and dependence.

In light of these findings, the Town of Milton shall be entirely smoke and tobacco free. Smoking and use of smokeless tobacco products will be strictly prohibited within all Town owned vehicles and within all municipal owned buildings and structures. It shall also be prohibited in all entranceways and anywhere an outside air intake is located.

This Policy applies to all employees, clients, contractors, and visitors working within and around all municipal owned buildings, structures and vehicles. Smoking may only occur at a reasonable distance (e.g., 30 feet or more) outside any enclosed area where smoking is prohibited to insure that environmental tobacco smoke does not enter the area through entrances, windows, ventilation systems or any other means. An employee's failure to comply with the smoking policy shall constitute cause for disciplinary action, and the failure of the Town to implement or enforce the policy

shall be grounds for a grievance procedure by an aggrieved employee, and any violations shall be promptly rendered.

The Health Officer and/or Deputy Health Officer are designated as the person(s) to enforce all rules and regulations in accordance with 18 V.S.A. and this policy.

Section 3. Drug Testing

In accordance with the Omnibus Transportation Employee Testing Act of 1991, all Town employees who are required to hold a commercial driver's license shall be subject to pre-employment and regular drug and alcohol testing in accordance with the Department of Transportation rules and procedures.

Employees who are found to be using illegal drugs and/or alcohol on the job will be subject to immediate dismissal.

Further, such difference shall be remitted to the Town up-front at the time of benefit election for the entire plan year. Should there be changes to the employee's compensation or the cost of the health insurance at any time during the year, the Town or the employee shall remit the difference to the other in one lump sum as soon as is practical, but in all instances within a 30 day period following the change. ARTICLE 3 AUTHORIZATION LEVELS AND PROCEDURES**SECTION ANALYSIS****Section 4403. Authorization****Section 4404. Purchases under \$5,000.00****Section 4405. Purchases in the amounts between \$5,000.00- \$15,000.00****Section 4406. Purchases over \$15,000.00****Section 4407. Miscellaneous**

Section 4403. Authorization

In order to fully implement a Town purchasing policy that will provide sufficient standardization and accountability as well as ensure a degree of operational flexibility to Town departments, the following levels of authorization are hereby established and are outlined by Section 4403-4407. Note all attachments referred to in this section of the Administrative Code are contained in Appendix II.

Section 4404. Purchases under \$5,000.00

Purchases of goods or services valued up to \$5,000.00 may be processed by the using department under authorization of the Manager. The department head has the sole responsibility to ensure that adequate funds exist in the department budget for the purchase.

- A. Although obtaining at least three quotes is not required, it is expected that department heads will exercise care and judgment in making such purchase in order that the best prices are obtained. Department heads are strongly urged to obtain quotes for items that are known to vary in price from vendor to vendor.
- B. Departments are encouraged to contact the Finance Department if in doubt as to where to purchase goods or services, especially in the case of office equipment, furniture, paper, printing services, etc.
- C. When any item is less than \$5,000.00, and is purchased on a regular basis, it is necessary to go out to bid to establish one vendor with contracted prices for at least a one-year period. If a number of like items are purchased frequently, as is the case with Road Materials, they can be included in the same bid.

Section 4405. Purchases between \$5,000.00 - 15,000.00

Purchases of \$5,000.00 and over but less than \$15,000.00 requires at least three price quotes (exceptions are notes under Section 4407). P.O.'s are issued by the using department. Any P.O. that does not have three quotes will not be approved by the Manager without an accompanying memo of explanation.

- A. An order can only be placed after the using department receives back their signed copy of the P.O. The vendor can then be notified by being given the P.O. number for invoicing purchases.
- B. A written request for quotation shall be used when obtaining quotes either by telephone or in writing. (Attached)
- C. P.O.'s will be approved and returned within three (3) business days, unless there is a problem with the execution of the purchase order. The Manager will advise the using department of the problem as soon as practicable.
- D. Purchases that are made from one vendor at one time should follow the above process even if no one item being purchased is valued at over \$5,000.00

- E. The Finance Department will advise the department head and/or the Manager if budget funds are inadequate to make the purchase.

Section 4406. Purchases over \$15,000.00

Purchases of \$15,000.00 and over must go through the formal bid process. Procedures are outlined in Article 9 sections 4416-4419-Bidding Procedures.

- A. Within one year after a bid opening date, the same equipment may be purchased from the bidder who was awarded the contract without re-bidding, provided that prices, terms and conditions remain the same as was originally quoted.
- B. Departments may make purchases that are over \$5,000.00 without going to bid if the department participates in a local buying group that has gone out to bid. P.O.'s with accompanying explanation must still be submitted prior to purchase being made.

Section 4407. Miscellaneous

- A. Emergency purchases may be authorized by the department head. These purchases should be made directly from the vendors generally providing these services to the Town. Emergency purchases are usually costly. Every effort should be made to keep purchases of this type at a minimum.
 - 1. Emergency situations shall be defined as a situation in which the operation of the department would be **seriously** hampered, or when the health, welfare and/or safety of employees or the public are endangered. This includes those instances when immediate repair to Town property, equipment or vehicles is necessary, but should not be due to negligent planning by the department.
 - 2. A P.O. shall be issued no later than one (1) business day after the purchase is made. A formal written explanation must accompany the purchase order. If the exact price is not known an estimate or not to exceed figure shall be listed on the P.O.
- B. The Town also reserves the right to purchase items without obtaining quotes or using the bid process from vendors that have contracted with the State of Vermont. The Finance Department has a list of these vendors. This method should be used only if the prices obtained through the State vendors are the lowest available.
- C. Sole source purchases may be made when it has been demonstrated that the goods or services to be procured are only available from a single vendor, eliminating the opportunity to seek competitive prices. A written justification must be submitted with the P.O.
- D. Bulk purchase – the Finance Department and Manager's Office will, with the cooperation of the using departments, consolidate requests for materials, supplies or services which are needed by various departments within the Town and School.
 - 1. This may involve items that are purchased on a daily basis, as is the case with office supplies or items that are purchased once or twice a year, example, computer paper.
 - 2. All departments will be made aware of all contractual agreements and shall order materials or services from these contracted vendors.

- E. Items or services, after approval by the Manager, which have already had prices established through the Town's bid process may be purchased directly by the using departments, even if the value is greater than \$1,000.00.
- F. DEPARTMENTS THAT DO NOT FOLLOW THESE PROCEDURES MAY HAVE INVOICES SUBMITTED FOR PAYMENT REJECTED BY THE MANAGER AND MAY HAVE TO RETURN THE ITEM (S) WHICH WERE PURCHASED.
- G. Purchase policy may be updated from time to time. If a conflict between the Administrative Code and a current policy occurs, the document adopted most recently by the Selectboard shall prevail.

Section 4408. Definitions

The P.O. authorizes a vendor to release goods or services to the Town and informs them that funds are available to pay for the goods or services. A P.O. becomes a binding contract when the vendor demonstrates their acceptance through initiation of some action to fill the order.

The following outline assumes that all procedures under Article 3 “Authorization Levels and Procedures” of this manual have been adhered to.

Section 4409. Procedure

 - 3. Account number to be charged and the amount per account number.
 - 4. Quantity of items to be purchased
 - 5. Description of items to be purchased
 - 6. Estimate Cost

- B. The P.O. is then sent to the Finance Department for processing:
 - 1. P.O. will be verified for completed information
 - 2. Account number charged will be verified for available funds

Reimbursement forms shall be used in place of a P.O. This form is designed to reimburse an employee for items granted by board policy or for items purchased for town use, when approved by the Manager i.e. eye care, mileage, etc.

ARTICLE 8 RELATIONS WITH VENDORS**SECTION ANALYSIS****Section 4415. Relation with Vendors**

Section 4415. Relation with Vendors

It is the responsibility of the Town Manager and using departments to establish a relationship of mutual confidence and satisfaction between the Town and its vendors.

- A. A vendor shall be considered to be a supplier of goods and services.
- B. Failure by vendors to meet specified delivery dates or to supply satisfactory goods and services should be communicated to the Manager.
- C. All vendors' representatives should meet with the Manager's Office except in areas where the materials or services are specialized. In such cases, the vendor's representatives should meet with staff from the departments requesting such services. Staff members should retain all pertinent information collected from the vendor's representatives and forward it to the Manager on request. The Manager's Office will forward pertinent information obtained from catalogs, interviews etc. to the using departments.
- D. All employees of the Town shall keep themselves free of obligation by refusing to accept any gifts or entertainment offered by any vendor.
- E. No Town Employee or agent of the Town who participates in the selection of vendors or award of contracts shall have any personal interest, either real or apparent in the selection process. At all times Town employees engaged in the procurement of goods and services must maintain a proper business relationship with vendors, and act to reclude themselves from the decision making process should that step be warranted.

ARTICLE 9 BIDDING PROCEDURES**SECTION ANALYSIS****Section 4416. General Information****Section 4417. Development of Specifications****Section 4418. Construction Services****Section 4419. Bid Documents**

Section 4416. General Information

The formal sealed bid process is to be used to promote competitive prices from vendors for the purchase of capital equipment, construction services and other goods and services valued at \$15,000.00 or greater.

- A. Prior to the project or purchase going to bid, the using department shall route the specifications with a Pre-Bid Specification Review Form to the designated departments.
 - 1. Manager shall review to ensure that the standard bidding language and formats have been adhered to and review the specifications.
 - 2. Finance shall verify that funds are available and inform the Manager who will verify that Selectboard approval has been obtained if necessary, i.e. for expenditures involving Contingency Funds, grants, or a Lease/Purchase agreement.
 - 3. After the review process has been completed, the Manager will assign a bid number and bid opening date and return to using Department for revisions, if necessary.
 - 4. It is the responsibility of the Manager or their designee to: advertise the Invitation to Bid, aid in the preparation of bid specifications, determine if a bid security is required (bid securities are only required when the project amount is greater than \$15,000) mail documents to vendors, maintain the bid records, receive and open the bids, tabulate bids, make the bid award and notify all bidders of the results, return bid security.
- B. Certain services may require a level of trust and experience between the vendor and the Town of Milton. In such circumstances, the Manager may propose to the Selectboard that it is not in the best interest of the Town Milton to bid such services. The Manager would seek the authorization of the Selectboard to negotiate on-going contracts, which will be examined from time to time.

Section 4417. Development of Specifications

- A. The using department will work with the Manager to establish minimum bid specifications and other bid requirements.
- B. Specifications shall be developed with attention to the following guidelines:
 - 1. Specifications should be concise, free of ambiguities and provide a sound basis for competitive bidding.
 - 2. They should not require features or quality levels unnecessary to the function or operation.
 - 3. Whenever possible, several acceptable brand names should be considered when preparing specifications.
 - 4. The use of a particular brand specification is discouraged, however, when such a use is justified, the bid documents must bear a statement to the effect that specifications are not intended to be restrictive and any equivalent, meeting or exceeding specifications, will be acceptable as determined by the Town.
 - 5. Performance specifications are preferable as they promote innovation and cost reduction.
 - 6. Suppliers should not prepare specifications.
- C. If it is necessary to change specifications after the bid has been published and mailed, bidders will be notified by issuing an addendum. Any such addendum will be prepared by the using department and forwarded to the Manager to be mailed or faxed to all bidders on the original bidders list.

Section 4418. Construction Services

- A. The procedures for bids on construction services are generally identical to bids for goods and non-construction services.
- B. The Town Engineer and/or Director of Public Works are responsible for determining whether or not a bid shall require a performance bond, payment bond or materials bond.
 - 1. Alternates to the bond requirements, such as Letters of Credit or certified checks may be accepted, provided that such methods have been reviewed and approved by the Town Attorney.
 - 2. A copy of all bonds and insurance certificates should be forwarded to the Town Clerk's office upon completion of the project with a copy of the signed contract.
- C. The Manager, Town Engineer or Project Manager will maintain a list of bidders who have picked up a set of bid documents.

- E. Receipt of Bids - Bids will be received by the Manager. When received, the date, and if received on the day of the opening, the time, will be marked on the outside of the envelope and initialed by the person who received it.
- F. Late Bids - as a general rule, late bids will not be accepted. However, at the discretion of the Manager, late bids may be accepted under the following condition:
- G. If it can be ascertained beyond a reasonable doubt that the circumstances which caused the bid to be late were beyond the bidder's control and that the bid was submitted without prior knowledge of the contents of competing bids. If a late bid is rejected, it will be returned to the vendor unopened.
- H. Bid Security - if it is a requirement of the bid and is not submitted, the bid will be rejected without being read aloud.

1. In the event any irregularities are contained in the bid security, the bidder will have five (5) days from the time bids are opened to correct any such irregularities. If they are not corrected to the satisfaction of the Manager and/or Town Attorney, the bid may be rejected.
2. Bid securities must be in the form of a certified check, drawn upon a bank in the State of Vermont, made payable to the Town of Milton or a bid bond, executed by a surety company authorized to do business in the State of Vermont, made payable to the Town of Milton, unless a different form has been pre-approved by the Manager and/or Town Attorney and is detailed in the specifications.
